

RATA TRUST AND CAPERNWRAY NEW ZEALAND CALENDAR 2019

TEACHERS TEACHING TEACHERS TO TEACH

Torchbearer Trust of New Zealand and RATA Teachers Support are co-ordinating to support a project in India. Himalayan Torchbearers are rebuilding a school in the Himalayan foothills called Kaplani HTB. This is a school that RATA Teachers Support have journeyed with for ten years in training their teachers. New Zealanders have been actively involved in supporting this school over many years and now we are combining our efforts to help them furnish the new school. The sale of this calendar will fund new desks, chairs, storage units and heating for the school. We applaud the work and commitment they have to funding the building project themselves and therefore we desire to collaborate with them in ensuring the children and the staff have a school that is well equipped, to meet the teaching needs of the staff, and the health and safety of the children.

It is our great joy to put this calendar together to help achieve this goal. The images are all from RATA projects over the last 3 years and we thank the New Zealand RATA teams for their permission to use the photos they have taken.
